

bees in our community

helping local people to keep local bees - saving the bees one hive at a time

Locally and selectively bred honey bees and hand made hives for local people, farms, companies, schools & community groups

Thank you for your sponsorship and support. Bees In Our Community is entirely run on a not-for-profit basis to breed and maintain a sustainable supply of locally adapted honey bees and colonies in the North West.

You will get updates the work being done, the making of a new queen and new colony directly as a result of your sponsorship contribution. In addition, some pure honey will be sent to your company at 131-139 The Broadway, Wimbledon for your enjoyment in recognition of your support for locally-adapted and near-native honeybees.

CERTIFICATE OF SPONSORSHIP

Thank you to

for sponsoring
